THE LEHMAN GARDENS

FARIBAULT, MINNESOTA

OUR PLANTS

All the plants and bulbs we send out are a finished product best suited for your success. Everything we list, excepting things otherwise marked—is field grown with a good balanced root system and has proven hardy with us where our winter temperature often goes to 30 below zero. The elements here eliminate all weak varieties and strains. You can be assured that whatever plants you receive from us will be perfectly hardy for you regardless where you live. Our plants have all been state inspected and found free from injurious insects and diseases.

OUR PRICES

Our prices are lower not because of cheapened quality, but because we eliminate costly catalogs. advertising and general overhead expenses. Give us a trial order and if you do not think the plants are as represented return them at our expense and your money will be cheerfully refunded.

A SAVING

Minnesota has no sales tax law. We therefore pass this saving along to you.

ANOTHER SAVING

We prepay the transportation charges on all orders of $2.00 or over. Over a period of years our average transportation charges has been 10%. We prepay charges—this saving is yours. When you order from us you know exactly what your plants will cost you delivered to your door. You do not receive a letter from us "Please remit for postage."

If it is more convenient for you to receive your plants by express we will send them to you charges collect. You may select 15% (another 5% saving) in additional plants or bulbs to compensate you for paying the transportation charges. Just say send package express collect.

HOW TO ORDER

We appreciate all orders. No order too large and none too small. We are thankful for all of them. Remittance may be made by registered letter for cash, stamps, postal or express money order or personal check. *When sending check kindly add 5c for exchange fee.*

Our business the past few years has shown a substantial increase both in the number of orders received and the volume of them. We wish to thank our many friends and increasing number of customers for their valued orders and kind letters of satisfaction and recommendations to friends.

THE LEHMAN GARDENS

FARIBAULT, MINNESOTA

New Novelties and Plants . . .

Be sure to plant some of these marvelous new creations. Every one of these new introductions is absolutely first class and an advance over existing varieties. The true blue ribbon winner.

Aster Mme. Carrov

This is the most outstanding dwarf Aster introduced so far. Plants grow in a distinct dome shape with high center. The whole mass is smothered with a shower of good sized medium blue flowers. Is unexcelled for mass effect. If you try but one Aster let it be Mme. Carroy. Each **35c,** 3 for.....**$1.00**

Aster Skylands Queen

New! The most outstanding of all blue flowered Asters. There is nothing that will compare with it. Imagine a hardy Aster with blue flowers 2½ inches in diameter produced by the hundreds on strong well proportioned stems. Height 3 to 4 feet. Each **30c,** 3 for **75c**

Columbine Crimson Star

Unquestionably the world's finest long spurred red Columbine Sepals and spurs deep blood crimson with center of white petals glorified by yellow stamens. A sensation for sturdiness and free flowering qualities. Very easily grown. Plant it in quantity this spring to glorify your June garden. Two year field grown plants only. Each **25c,** 5 for.....**$1.00**

Chrysanthemum Astrid

The first absolutely fool-proof winter-proof Chrysanthemum. Color is a beautiful soft pink shaded apricot with refined yellow center. Handsome habit with dark green glossy leaves in symmetrical tufts all summer. Can be grown in any perennial garden without winter protection because of its parentage from the Arctic Daisy of Alaska. The long stemmed flowers keep two weeks as cut flowers. The perennial supreme for the far North. Each **35c,** 3 for.....**90c**

Chrysanthemum Indian Summer

Vivid, glowing orange that immediately captures attention. It is a large flower, 3 inches across but altogether attractive and distinct in form. Growth is distinct, erect, and sturdy. Never requiring support of any kind. It fills the need perfectly for a late flowering Chrysanthemum that will not be marred or destroyed by late October frosts. Height 2 to 2½ feet. Each **30c,** 3 for.....**75c**

Daisy White Swan

A new early fully double Shasta Daisy. Begins to bloom in late May and continues all summer. It is so double that no center is visible. Excellent long stems. Fine for cutting. Each **30c,** 3 for **75c**

Of Outstanding Merit

Gypsophila Bodgeri

The new double dwarf Baby's Breath. Indispensable for cutting as it begins flowering two weeks before Bristol Fairy and continuous thereafter until fall. The very double flowers open pure white changing to blush-pink as they age. Charming for garden display and very useful for cutting. The plants we offer are established and growing in pots and are absolutely guaranteed to be double. Each **35c,** 3 for.....**90c**

Heuchera Pluie de Feu

An outstanding new bright red Coralbell which continues to bloom all summer. Outstandingly superior to old varieties. When well established and in bloom gives the impression of a fountain of fire. A splendid cut flower. Each **30c,** 4 for **$1.00**

Pentstemon Grandiflorus

If you have never grown Pentstemon Grandiflorus you are missing a real worth while plant. Easily the largest and best of the entire family. Beautiful large soft lavender flowers on strong stems 2 to 2½ feet tall. Excellent for cutting. Striking blue foliage. Must be grown in full sun. Each **20c,** 3 for **50c**

Phlox Pink Beauty

The rose form of Miss Lingard. Also sold as Miss Verboom. A fine addition to the Phlox list. Color an even, deep lavender-rose. Very vigorous. Blooms from June to September. Tall grower. Each **25c,** 3 for **60c**

Shasta Daisy Supreme

A new Shasta Daisy that is the finest we have ever seen. It is unsurpassed in size, clearness of white, fullness of center, and substance of petalage. The immense pure glistening white daisies 4½ to 5 inches in diameter are produced on tall, strong, straight stems over the entire summer. Excellent landscape variety and ideal as a cut flower. We offer strong field grown plants that will bloom the entire summer. Each **35c,** 3 for **$1.00**

Viola Chantreyland

A new English Viola of outstanding merit. A perfect variety producing multitudes of purest apricot flowers all season. Vigorous and hardy. Each **20c,** 3 for.....**40c**

SPECIAL OFFER

One each of the 12 varieties for . **$3.00**
Three each of the 12 varieties for . **$7.75**

Miss Lingard

HARDY PHLOX

Without the Hardy Phlox our perennial gardens would certainly be barren of bloom during July, August, and September. During their long season of bloom they overshadow all other perennials with their bright and brilliant colors. A well maintained garden of the newer varieties of Phlox is a picture not soon forgotten.

The Hardy Phlox isn't "fussy" as to soil or location and do splendidly in the hardy border. They are most effective in groups of three or more. To grow them at their best give them rich soil, a cool location and plenty of water during the blooming season. They will tolerate considerable shade if the air drainage is good so as to avoid mildew.

Our fields presented a glorious sight last summer and all who saw them exclaimed of the marvelous health and vigor maintained. You can rest assured if you plant our Phlox plants you will receive the best that money can buy. We list only strong field grown plants.

Betty Lou. Bright orange-scarlet with deep crimson center. Plants much branched giving a long blooming season. Medium height. Each **25c,** 3 for.....**60c**

B. Compte. Rich satiny wine-red. A very striking dark shade. Splendid medium grower. Each **20c,** 3 for **50c**

Border Queen. An improved Jules Sandeau. Color a watermelon-pink. Dwarf compact habit. Very effective in large masses. Each **25c,** 3 for **60c**

Comus. Clear, cherry-red overspread bright scarlet. Flower heads arched round and compact. Individual florets large. Medium height. Each **25c,** 3 for **60c**

Eclaireur. Large purplish-crimson with rays of light and white halo. Very sturdy and exceptionally hardy. Medium height. Each **20c,** 3 for **50c**

Firebrand. Glowing crimson overlaid scarlet. The standard of perfection in its color. Much branched blooming over a long season. Medium height. Each **25c,** 3 for.....**60c**

General Petain. Large flowers of a deep American Beauty shade. Large well rounded heads of bloom. An outstanding Phlox. Each **25c,** 3 for **60c**

« »

Miamisburg, Ohio

The 3 Miss Lingard and 3 Pink Beauty I received from you were the most healthy plants I have received and I have bought from many better known nurseries. J. W. M.

General Von Heutz. Salmon-scarlet with deeper center. Tall graceful plant habit. Each **25c,** 3 for **60c**

Innocence. A new, very vigorous pure white. Extremely large florets and spikes. The best tall, pure white phlox to date. Each **25c,** 3 for **60c**

Leo Schlageter. New. Immense heads of brilliant scarlet overlaid with orange. A blaze of glory in the garden. No other Phlox can approach it for richness of color. (In collection only.)

Lillian. New. Soft, glowing pure cameo-pink overlaid with faint blue. Immense shapely heads with many laterals giving a very extended blooming period. We believe it to be the equal to the much advertised Phlox Columbia. You cannot be without it. Each **35c,** 3 for **$1.00**

Mia Ruys. A grand improvement over all other mid-season whites. A dwarf plant with enormous heads of the purest white imaginable. Strong sturdy habits and good foliage. An excellent variety. Each **25c,** 3 for **60c**

Miss Lingard. The everblooming, waxy pure white. In bloom from June to September. Very free flowering. Each **25c,** 3 for.....**60c**

Mrs. Scholten. Immense heads of deep salmon pink. Very large pyramidal spikes of bloom in midseason. Good strong grower. Each **25c,** 3 for **60c**

Mrs. Jenkins. A splendid late flowering pure white. Very free flowering. Splendid in large masses. Each **20c,** 3 for.....**50c**

« »

Minneapolis, Minn.

I want to thank you for the fine Phlox roots you sent and I appreciate very much the extras. I have never received but the best, strongest roots from you on any plants and I have never lost one.

Mrs. J. D. M.

HEMEROCALLIS

The Golden Day Lilies

The Hemerocallis is becoming very popular for garden planting. They possess the characteristics of perfect perennials. They are perfectly hardy, easy of culture, free blooming, colorful, and have no insect enemies or diseases. Most varieties have a very pleasing fragrance. They can be planted in either spring, summer, or fall. By planting our strong, sturdy plants in spring you can be assured of abundant bloom this summer. They will tolerate almost endless neglect, poor soil, and locations, but to have them at their best give them rich soil and do not let them suffer for want of water during dry periods. When planting give them about two feet of space to develop in.

By selecting the different varieties one may have Day Lilies in bloom from May to early September in colors from pale yellow to gold, apricot to orange to almost red.

Amaryllis. Resembles a large, golden-orange Amaryllis. Very desirable. July blooming. We consider this one of the very best. Height 3 feet. Each **$1.00**

Calypso. Originated by Luther Burbank. An evening blooming type, rather large, clear lemon-yellow. Flowering scapes held stiffly erect. Flowers open about sunset and stay open only during the night and early morning. Will open on cool and cloudy days. Each **75c**

Citrina. A very fragrant, night blooming pale lemon-yellow. Has an excellent and robust habit of growth and an abundance of dark green foliage. Very free flowering. July blooming. Height 3½ feet. Each..... **50c**

D. D. Wyman. Large, spreading flowers up to 6 inches across of a deep, rich golden-yellow with a splash of tawny red on each petal. Height 3 feet. July and August blooming. Each **$1.00**

Dumortieri. A dwarf plant with flowers of the purest deep orange. The earliest to bloom in May. Height 1½ feet. Each..... **25c**

Mrs. O. A. J.

Bittersweet. One of our best known native vines. The clusters of orange-red berries are popular for winter decorations. It is very hardy, grows almost anywhere, and requires no particular soil or location. In summer the plants are a mass of beautiful foliage and in June it has clusters of small pale-yellow flowers. In autumn it reaches its full beauty when it is covered with clusters of beautiful orange colored berries which are retained all winter. Fine vine for the porch trellis or for covering an ugly post or tree. Strong 3 year old plants. Each **25c,** 5 for.....**$1.00**

The paramount reason for our success in shipping plants safely to all parts of this country, Canada, and Alaska, is due to intelligent care and handling. Every plant order is dug fresh from the field, packed for shipping and on its way to you within a few hours after being dug. This preserves vitality. You do not receive dried and shriveled plants from us. In our estimation, plants from storage are worthless. We do

Alpine Aster. A very satisfactory and easily grown perennial for the rock garden or front of border. Multitudes of rose-purple daisies with orange center in May and June. Excellent for cutting. Heights 8 to 10 inches. Each **20c**, 3 for **50c**, 8 for.....**$1.00**

Anthemis Sancta-Johannis. A very good plant for dry poor soil. This is a new form with orange colored flowers on 18-inch stems. Good cut flower. Each **25c**, 3 for.....**60c**

Asclepias Tuberosa (Butterfly Flower). One of the most brilliantly colored of American natives. Large umbels of glowing orange with trace of bright yellow and scarlet. Its vivid color blends well with other border flowers. An excellent cut flower. Strong 3-year plants. Each 25c, 3 for.....**60c**

Ajuga Reptans. Masses of glossy, dark green foliage throughout the summer. Dark blue flowers in June and July. Indispensable for a quick ground cover in bare spots. Prefers partial shade but does well in sun if given fairly rich soil. Height 3 to 4 inches. Each **15c**, 3 for **40c**, 10 for.....**$1.00**

Columbine
Crimson Star

Campanula Medium (Canterbury Bells). The most popular biennial in cultivation. Plants grow to 2 feet in height and during early summer are covered with large bell shaped flowers.

Rose. A most pleasing shade of rose-pink. Extremely showy. Strong field plants. Each **15c**, 3 for **40c**, 10 for **$1.25**
Blue. The large blue bells completely cover the entire plant. Each **15c**, 3 for **40c**, 10 for **$1.25**

Campanula Turbinata. One of the prettiest blue flowering plants for edging borders or the rockery. Foliage bright in compact mats from which spring the many large bell shaped flowers from June to October. Color from light lavender to deep purple. Height 6 inches. In constant bloom all summer. Very hardy. Each **15c**, 3 for **40c**, 10 for.....**$1.00**

Campanula Rotundifolia. This is the true Blue Bells of Scotland which is so abundant over the northern states and Canada. The very slender and wiry stems give forth their small blue bells from June to September. Attractive in the rockery or in front of the border. Height 1 foot. Each **20c**, 3 for **50c.**

Columbine Crimson Star. Unquestionably the world's finest long-spurred red Columbine. Sepals and spurs deep blood crimson with center of white petals glorified by yellow stamens. A sensation for sturdiness and free flowering qualities. Very easily grown.

not handle them. Try our plants and be convinced of their superior quality.

Try to have the ground prepared and ready for planting before the plants arrive. Upon receipt of your order of plants try to plant them as soon as possible. You will be rewarded with much finer flowers and many more of them if you cut the exposure to a minimum while the plants are out of the ground.

The plants we are offering are the result of two years of intensive growth and care. Plant it in quantity this spring to glorify your June garden. 5 for **$1.00**, 10 for **$1.85**, 25 for **$4.25**

Columbine Dobbie's Imperial Hybrids. Unquestionably the world's finest strain of long spurred Columbine because of their magnificent range of colors and sturdiness. Colors range from the deepest blues to lilac and heliotrope and from bright scarlet to pastel shades of pink. No other strain will approach it in richness of color. The plants we are offering are heavy two-year-old plants. The roots are filled with vigor and vitality ready to glorify your garden with their magnificent show in June. We cannot supply separate colors. Each **20c**, 8 for **$1.00**, 25 for **$2.75**, 50 for **$5.00**

Coralbell Pluie de Feu. An outstanding new bright red Coralbell which continues to bloom all summer. Outstandingly superior to old varieties. When well established and in bloom gives the impression of a fountain of fire. A splendid cut flower. Each **30c**, 4 for **$1.00**

Cerastium Tomentosum (Snow-in-Summer). Use in bold masses in rock garden or rock wall in ordinary soil in full sun. Low growing perennial with beautiful silvery white foliage covered with snow white flowers in May. Also useful for bordering the perennial garden. Each **20c**, 3 for **50c**, 10 for.....**$1.50**

Chrysanthemum Arcticum. A late fall daisy from the far North. Foliage bright glossy green in neat compact tufts all summer. The 2-2½ inch white daisies begin to appear by mid September. A fine late fall flower. Each **25c**, 3 for **60c**

Chrysanthemum Coreanum. The original parent of the popular Korean Chrysanthemums Hybrids. Of ironclad hardiness and distinctly beautiful in late fall. The white daisies shaded pearl-pink are produced in graceful sprays from late September on. Grand cut flower. Height 2½ feet. Strong field plants. Each **25c**, 3 for **60c**, 10 for **$1.50**

Chrysanthemum Uliginosum (Giant Fall Daisy). One of the most striking fall blooming perennials. Covered in September with many white daisy-like flowers 2 inches across. A giant among daisies. Height 4 feet. A grand border plant. Each **25c**, 3 for.....**60c**

Dianthus Arenarius (Sand Loving Pink). This pink delights in a sandy soil and sun. Flowers white with carmine ring on 5-inch stems. Deeply fringed and fragrant. Excellent for dry hot places. Each **20c**, 3 for.....**50c**
7 for **$1.00**

Dianthus Deltoides (Maiden Pink). One of the prettiest border pinks, making neat mats of foliage bearing thousands of bright crimson flowers during July and August. Very easily grown and satisfactory in the rockery. Height 5 inches. Each **20c**, 3 for.....**50c**

Dianthus Plumarious (Spring Beauty). The clove pinks are the universal favorites of the pink family with their spicy fragrance. Here we have a new double giant flowered carnation-like type in a splendid range of colors. Very fragrant and grand for cutting. Height 12 inches. Each **20c**, 3 for.....**50c.**

Festuca Glauca (Blue Fescue Grass). Much used for edging borders and for contrast with darker foliage. Grows in compact clumps making a delightful show because of the bright blue color of foliage. Height 8 to 10 inches. Each **15c**, 3 for **40c**, 10 for.....**$1.00**

Funckia (Plaintain Lily). A family of plants much prized for their neat foliage effect and late summer flowers. Excellent plants for bordering walks or for the margins of lily pools. All will grow and bloom well in locations that receive no sunlight whatever. Ideal for edging between shrubbery and the lawn. Easily grown and hardy.

Caerulea Lanceolate. August blooming, blue flowers. Broad, shapely green leaves. Each **25c**, 3 for.....60c

Lancifolia. Excellent plant for shade. Lilac-blue flowers in August and September. Exceptionally fine for edging. Each **20c**, 3 for **50c**

Subcordata Grandiflora. Large white fragrant lily-like flowers in August. Each **35c**, 3 for **90c**

Variegata. Beautiful edging plant with its green and yellow variegated foliage. Blue flowers in August. Each **35c**, 3 for **90c**

Special Funckia Collection, 1 each of the 4 varieties, $1.00 postpaid.

Gaillardia Tangerine. The Gaillardia is one of the indispensable flowers for the hardy garden. Tangerine is a new variety with large orange-colored flowers. Ideal for cutting. Each **20c**, 3 for.....**50c**

Gypsophila Bodgeri. The new double dwarf Baby's Breath. Indispensable for cutting as it begins flowering two weeks before Bristol Fairy and is continuous thereafter until fall. The very double flowers open pure white changing to blush-pink as they age. Charming for garden display and very useful for cutting. The plants we offer are established and growing in pots and are absolutely guaranteed to be double. Each **35c**, 3 for **90c**

Pentstemon Grandiflorus

Gypsophila Pacifica. A new rose colored or pink hardy perennial Baby's Breath. Begins to flower in early August when the white variety has passed. An excellent variety for the garden and cutting. Height 3 feet. Strong roots. Each **20c**, 3 for **50c**, 8 for.....**$1.00**

Helenium Riverton Gem. A tall growing plant useful for its bright colored flowers in autumn. The daisy-like flowers are old gold suffused with terra cotta. The 3-foot plants are completely covered with flowers in August and September. Each **25c**, 3 for **60c**

Linum Perene (Blue Flax). Every morning brings a new shower of blue to you on slender graceful stems. Blue Flax is easily grown in full sunlight on light soil. Foliage feathery and of a pleasing blue shade. Height 18 inches. Each **20c**, 3 for **50c**, 8 for.....**$1.00**

Physostegia Vivid. A valuable addition to the list of fall flowering perennials. A new dwarf variety much superior to the older sorts. Height about 18 inches forming a sturdy and compact plant producing a multitude of stems with rosy-crimson flowers. Last a long time when cut. Each **25c**, 3 for **50c**, 10 for **$1.50.**

Platycodon (Japanese Balloon Flower). The large, bell-shaped flowers of rich blue glorify the perennial garden during July and August when a cool color is needed. Given a rich, sandy, well-drained soil in full sun the Platycodon is a very permanent plant. We have plants in our border that have been undisturbed for twelve years and have never failed to give an abundance of bloom each summer. Grows 2 to 3 feet tall. Splendid two-year-old roots that will make a good showing this summer. Each **20c**, 7 for **$1.00**, 25 for....**$3.00**

Pentstemon Grandiflorus. If you have never grown Pentstemon Grandiflorus you are missing a real worth while plant. Easily the largest and best of the entire family. Beautiful large soft lavender flowers on strong stems 2 to 2½ feet tall. Excellent for cutting. Striking blue foliage. Must be grown in full sun. Each **20c**, 3 for **50c**, 8 for.....**$1.00.**

Pentstemon Ovatus. A grand strong growing Pentstemon from the Rocky Mountains. Long spikes of deep blue flowers changing to purple in early summer. A grand border plant and fine for cutting. Basal leaves dark glossy green and almost evergreen. Height 2 feet. Each **25c**, 3 for.....**60c.**

Ranunculus (Buttercup). This is also known as the Yellow Bachelor's Button. Very double glossy golden yellow flowers most of the summer on stems 18 inches high. Very free flowering. Excellent cut flower. Each **20c**, 3 for **60c**

Rudbeckia Pupurea. The giant purple coneflower is a splendid plant for the hardy border. Most attractive rosy-purple flowers with a large brown cone-shaped center. In bloom from July to September. Height 3 feet. Each **20c,** 3 for.....**50c.**

Scabiosa New House Hybrids. This is the one perennial plant that is in continuous bloom from spring until killed by frost in fall. The wavy petaled flowers are born on long stems and come in many beautiful shades of blue and lilac. The ideal cut flower. Strong field plants. Each **30c,** 3 for.....**75c**

Diantyhus Barbatus (Sweet William). A biennial, but producing such a lavish display

Pyrethrum Roseum (Painted Daisy). Perhaps one of the most popular perennials for border and cutting. Flowers of pink, red, and white, in May and June and again in the fall. Our collection consists of many good single and double types in a fine range of colors. In mixtures only. Extra strong plants. Each **20c,** 3 for **50c,** 8 for.....**$1.00**

Pyrethrum (James Kelway). A new English strain of large flowering single red. Many unusual fine crimson shades with a center of deep gold. Extra long, strong stems make this variety fine for cutting. We offer strong blooming size plants. Each **25c,** 3 for.....**60c** 7 for **$1.00**

Dianthus Barbatus
(Sweet William)

in the sunny garden that they are distinctly worth while. Give them a rich light soil for best results .

Pink Beauty. A clear pleasing pink of large size. A remarkable color. Strong field plants. Each **15c,** 3 for **40c,** 10 for **$1.00**

Giant White. Extremely large florets and trusses of a clean pure white. Strong field plants. Each **15c,** 3 for **40c,** 10 for **$1.00**

« »

Overland, Mo.

Received my plants today. I was very well pleased as you certainly do try to please. Many thanks.

Mrs. E.

Washington, D. C.

If you could see the sturdy growth from the plants you sent us early this spring, you could better understand how much we prize your stock. Though it traveled four times the distance of other orders the plants arrived in perfect condition, and you paid the transportation.

We have struggled with better known nurseries because they were close but year after year we have been ordering from them and losing plant after plant and paying transportation, blaming ourselves—though not being able to tell why. Now we know, one tiny sprout limp in dry moss doesn't give us an even break to keep it alive. We greatly appreciate your generous orders.

F. H. S.

SPECIAL
SHASTA DAISY
COLLECTION

Alaska — Westralia
Etoile D'Or — Sutton's May Queen
Mayfield Giant — Supreme
White Swan

One plant each of the above for

$1.60

Postpaid

($2.00 Value)

Shasta Daisies. The Shasta Daisies are a very valuable group of hardy perennials much prized for their long lasting cut flowers. They are easily grown, hardy, and fill a place in the border that only daisies could. Lift and divide plants every two years.

Alaska. An old favorite producing many 3-inch white flowers with prominent yellow center. Flowers on long stems. July blooming. Each **20c,** 3 for.....**50c**

Elder Daisy. This is the true Memorial Day daisy as it is usually in bloom on that day. Smaller flowers than the others but literally produced by the thousands. Very fine cut flower. Each **20c,** 3 for **50c**

Etoile d'Or. A large flowered form beginning to bloom in late June until August. Flowers of good heavy substance 4 inches in diameter on medium sized plants. Each **25c,** 3 for.....**60c**

Leucanthemum. This is the daisy of the meadows of the eastern states. Very hardy and prolific. Usually in bloom for Memorial Day and continues all summer. Each **20c,** 3 for.....**50c**

Mayfield Giant. A strong growing variety with very large pure white flowers in abundance. July blooming. Flowers 3½ to 4 inches in diameter. Each **25c,** 3 for **60c**

Supreme. A new Shasta Daisy that is the finest we have ever seen. It is unsurpassed in size, clearness of white, fullness of center, and substance of petalage. The immense pure glistening white daisies are produced on tall, strong, straight stems over the entire summer. Excellent landscape variety and ideal as a cut flower. We offer strong field grown plants that will bloom the entire summer. Each **35c,** 3 for.....**$1.00**

Sutton's May Queen. A large flowered early type usually in bloom for Decoration Day. 3½-inch flowers on strong stems. Each **20c,** 3 for **50c**

Westralia. An English variety with extra large flowers of a clear pure white. Flowers 4 inches in diameter produced on tall plants. Each **25c,** 3 for.....**60c**

White Swan. A new early fully double Shasta Daisy. Begins to bloom in late May and continues all summer. It is so double that no center is visible. Excellent long stems. Fine for cutting. Each **30c,** 3 for **75c**

Siberian Iris. We have found that this beautiful specie is much better if spring planted in the North. An ideal plant to put at the base of a bird bath, sun dial, about a lily pool, or in the perennial garden. The graceful tall grass-like foliage is attractive all season. Loves a moist soil in full sun. Flowers are grand for cutting.

Emperior. A noble form with large flowers of a deep violet-blue of good texture. Height 3 feet. Each.....**25c**

Sunnybrook. A great favorite of a pleasing shade of Alice blue. Each.....**25c**

Varigated Ribbon Grass. A striking plant used for contrast. Foliage 18 inches tall growing in clumps and longitudinally striped with green, white, and cream. Very ornamental. Each **20c,** 3 for.....**50c**

Veronica (Speedwell). The veronicas are considered to be one of the best perennials for American borders. They are easily grown, perfectly hardy, last indefinitely, and give some wonderful cutting material.

Veronica Longifolia Subsessilis. A fine plant for the hardy border increasing in beauty year by year and giving loads of good cutting material. Blue flowers on the compact, tapering spikes from July to September. Height 2 feet. Each **25c,** 3 for **60c,** 6 for.....**$1.00**

Veronica Royal Blue. A beautiful variety producing handsome spikes of rich gentian blue flowers during June and July. One of the prettiest and brightest. Height 1 foot. Each **25c,** 3 for **60c** 6 for **$1.00**

Prostrata. A prostrate plant with stems rooting as they grow. Blue flowers in June. Good plant for the rockery. **Each 20c,** 3 for **50c**

Satueroides. A good, low creeping variety useful in the rockery or planting between flagstone walks. Blue flowers on short stems 2 to 4 inches long. Each **20c,** 3 for **50c**

« »

Barnsdall, Okla.

I am sure you will be interested to know that my order arrived in fine shape. I thank you for the fine packing, and the several extra plants included.

Mrs. E. B. G.

Violas. If there is a group of plants that are better suited for bedding purposes than the Viola then we are not familiar with them. They are very free flowering, easy to manage, and bloom for a period of six months if given a good rich soil and water during dry weather.

Arkwright Ruby. A new English Viola. Bright Ruby-red shaded maroon. A continuous bloomer. Each **20c,** 3 for **40c,** 10 for **$1.25**

Chantreyland. A perfect variety producing multitudes of purest apricot flowers all season. Vigorous and hardy. Each **20c,** 3 for **40c,** 10 for **$1.25**

Jersey Gem. The ever popular beauty. Large pure rich violet blue flowers in abundance. Each **20c,** 3 for **40c,** 10 for **$1.25**

Oriental Poppies

Without question the most dazzling and showy of all hardy perennials in point of color and size. The Oriental Poppies bring the gorgeous and brilliant colors of the Far East silks to our gardens. The reason so many people fail to succeed with the Oriental Poppy is beause they do not understand the simple requirements of the plant, which is almost the reverse of most plants. The roots should only be transplanted during the dormant season which is during July, August and September. The plant makes a leafy growth during the cool fall months which is very necessary. This growth is evergreen and in spring the flowering stems appear and after blooming the top apparently dies which is the natural rest period of the plant. The dormant season is the only period at which field grown plants can be moved. They do well in any ordinary soil and increase in size and number of blooms from year to year. Cover lightly with evergreen boughs or light hay for first winter after planting.

POPPY PLANTS ARE SHIPPED DURING JULY, AUGUST, and SEPTEMBER ONLY

Orange Beauty. Flowers very large and of a beautiful orange shaded scarlet with a large purple blotch at the base of the petals. Very free flowering. Each **25c,** 3 for.....**60c**

Lula A. Neeley. Not the largest but certainly one of the finest poppies in existence. Strong straight stems hold the medium sized flowers erect. Color a striking even ox-blood red. Very free flowering. Each.....**50c**

Mrs. Perry. The standard and perhaps the best all around pink poppy. Very large salmon-rose flowers with dark center. Very free blooming. Should be in every garden. Each **35c,** 3 for.....**90c**

Olympia. Beautiful flame scarlet flowers overlaid with golden salmon. The only double variety and hence in great demand. The earliest of all to bloom. Height 24-30 inches. The super-hardy double ruffled poppy.

Wurtembergia. An enormous flower of a brilliant glowing scarlet. Often produces flowers the size of a dinner plate. Large petals of heavy substance. An outstanding variety by which all others are judged. Each.....**60c**

« »

Wheeling, W. Va.

On my desk at the present time I have from fifteen to twenty catalogues from most of the leading nurserymen and seedmen of the country and yours and one other are the only ones that are honest enough to tell that Oriental Poppies can only be transplanted during their dormant period. The rest will take your money and it's just too bad if they don't grow. That is the reason I sent you my order and if the plants are as good as I hope they will be, you can be sure of further orders in the future.

A. R. M.

For a Blaze of Glory in the Fall Garden Plant Lehmans' Hardy Korean Chrysanthemums

The introduction of the Hardy Korean Hybrid Chrysanthemums has taken the flower lovers by storm. Truly no race of flowers has attained such popularity. All the varieties listed are perfectly hardy with reasonable winter protection, and will grow on from year to year paying tremendous dividends in showy fall flowers. All plants are strong and vigorous from 2½-inch pots and will make heavy booming plants by fall.

Apollo. Superb autumn color—a sparkling combination of bronze, red, and gold suffused with glowing salmon. The single flowers, 2 inches across, are produced in immense sprays. Long flowering period. Height 2½ feet. Each **25c**

Ceres. A lovely combination of old gold, chamoise-yellow and soft coppery bronze. The mature flower petals appear as if dusted with gold. Handsome, sturdy plant producing a quantity of nicely formed single flowers in branching sprays. Height 2½ feet. Each **25c**

Daphne. Altogether a new shade of pink to the chrysanthemum. An exquisite blending of Daphne pink, with an underlying sheen of lilac rose, enhanced with prominent golden stamens in the center. The single flowers, 3½ inches in diameter, carried in graceful sprays, are especially frost resistant. Fine healthy growing habit. Height 2½ feet. Each.....**25c**

Diana. A new color note for the garden. Chatenay-rose-pink, mingled with lilac rose and soft salmon, the tones of which vary with the degree of light. The triple rays of petals give an appearance of fullness which is none the less dainty. Height 2½ feet. Each **25c**

Mars. Deep amaranth red, changing to wine red, overlaid with a velvety sheen. A distinct and striking color effect. Height 2½ feet. Each **25c**

Mercury. The three-inch single flowers open bronze red and change to coppery bronze as they mature, a charming effect in the garden. The graceful sprays when cut keep two or three weeks. Height 2 feet. Each..... **25c**

New Hybrid Chrysanthemums

Astrid. Named for the Viking goddess of Love. The first absolutely fool-proof, winter-proof Chrysanthemum. Color is a beautiful soft pink shaded apricot with refined yellow center. Handsome habit with dark green glossy leaves in symmetrical tufts all summer. Can be grown in any perennial garden without winter protection because of its parentage from the Arctic Daisy of Alaska. The long stemmed flowers keep two weeks as cut flowers. The perennial supreme for far North. Each **35c,** 3 for **90c**

Indian Summer. Vivid, glowing orange that immediately captures attention. It is a large flower, 3 inches across but altogether attractive and distinct in form. Growth is distinct, erect, and sturdy, never requiring support of any kind. It fills the need perfectly for a late-flowering chrysanthemum that will not be marred or destroyed by late October frosts. Height 2 to 2½ feet. Each **30c,** 3 for....**75c**

Astrid

THE GREATEST VALUE OF THE YEAR!!!

COLLECTION OF 5 NEW HYBRID KOREAN CHRYSANTHEMUMS

Astrid
Indian Summer — Psyche
Louise Schling — Thalia

One sturdy growing plant of each for

$1.25

Postpaid

($1.40 Value)

3 Collections (15 plants) for

$3.00

Postpaid

Louise Schling. The flowers are of good size, fully 3 inches across, with three or four rows of petals, fluffy and distinct in appearance. Glowing salmon-red in color, changing to a lovely soft-bronze-salmon as the flower matures. It is a remarkably free-flowering variety, healthy and attractive in its growth alone, and one of the first to flower. Each **25c**, 3 for **60c**

Psyche. Imagine a billowy mound three feet or more across so competely covered with large delicate shell-pink flowers that the foliage isn't visable. Then you have a picture of this beautiful variety. The very large 4 to 5 inch single flowers are produced on long stems. Ideal for cutting. One of the most outstanding of the newer Korean "Mums". Each **25c**, 3 for **60c**

Thalia. The graceful sprays of brilliant sparkling orange flowers make a gorgeous autumn color effect. It is tremendously free flowering and effective due to its splendid robust branching habit. Flowers are duplex, of excellent form and texture. Each **25c**, 3 for **60c**

Hardy Cushion Chrysanthemums

Pink—Bronze—Red—White

(Also sold as Amelia, Blaze O-Mum and Azaleamum.)

Pink Cushion. The sensation of the Century of Progress. The plant is a dwarf, rounded compact mass of double rose pink flowers from late August to frost. Not unusual to count 500 to 600 flowers on a single plant. Hardy and easy to grow. Strong potted plants that will bloom heavily by August. Each **25c**, 3 for **60c**, 10 for.....**$2.00**

Bronze Cushion. A counterpart of Pink Cushion and like it in every respect but color which is a glowing orange bronze. An exceptionally appropriate fall color. Each **30c**, 3 for **75c**, 10 for .....**$2.25.**

Red Cushion. This, like the pink variety, is very free flowering and brilliant in the garden. Flowers somewhat smaller and appearing a bit later but still makes a grand showing. In locations of very early frost dig and pot the plants either in bud or bloom and enjoy them in the house. Can be potted even when in full bloom. Each **30c**, 3 for **75c**, 10 for .....**$2.25.**

White Cushion. The very double white flowers completely cover the green cushion of foliage in fall. Very desirable. Each **30c**, 3 for **75c**, 10 for **$2.25**

Native Wild Flowers

We are listing the Native Wild Flowers that do well if planted in the spring. Many of the native plants start blooming very early in the spring that it is impossible to transplant them at that time. Our fall list will contain many more favorites such as Bloodroot, Jack-in-the-Pulpit, Dutchman's Breeches, Trillium and many others. All of these should be planted in the fall for best results. All orders for Wild Flowers received after April 15th will be booked for fall delivery.

Bellwort. The fragrant bellworts are always admired with their bright golden-yellow drooping bells in early May. Each **15c,** 3 for **40c,** 10 for.....**$1.00**

Gentian (closed). A most interesting flower blooming in September in rich moist soil. Derives its name from the terminal clusters of flowers that resemble bottles. Blooming size plants. Each **25c,** 3 for.....**60c**

Hepatica. The most charming of our native wild flowers. Often begins blooming before the snow leaves. The color varies from white to pink and from lavender to purple. It is of the easiest possible culture. Grows 8 inches tall. Each **15c,** 3 for **40c,** 10 for **$1.25**

Maidenhair Fern. The most graceful of all hardy ferns. Does well in moist shaded spots. Each **15c,** 3 for.....**40c**

Mertensia (Bluebells). Drooping clusters of pink buds changing to beautiful blue flowers in May. Perhaps the bluest and daintiest of all spring blooming flowers. Does well in ordinary moist soil in partial shade. Fine planted under trees. Plant tubers 2 inches deep. Height 12 inches. Each **15c,** 3 for **40c,** 10 for **$1.25**

Nodding Trillium. A strong growing trillium with large nodding white or pink flowers. Very free flowering and of easy culture. Each **20c,** 3 for **50c,** 8 for.....**$1.00**

Viola Pedata (Birds foot Violet). A violet fond of sandy well drained soil and full sun. Produces many pansy like flowers in shades of lavender and purple. Ideal for massing in sunny rock garden. Each **20c,** 3 for **50c,** 7 for **$1.00**

Phlox Divaricata. Our native lavender-blue wood phlox. A showy, easily grown, free flowering native for the rock garden or semi-shaded border. Trailing dark green glossy foliage covered in May and June with multitudes of fragrant lavender flowers. A nice plant to use with darwin tulips. Height 12 inches. Each **15c,** 3 for **40c,** 8 for.....**$1.00**

Violet. Our native woodland violet. A tuft of large heart-shaped leaves from which many long stemmed purple flowers appear in spring. A grand plant for edging borders. A few plants will produce bunches of delightful cut flowers for the house in very early spring. Large clumps. Each **15c,** 3 for **40c**

Yellow Lady Slipper. The most widely planted of all hardy orchids and perhaps the easiest to grow. Does well in any partly shaded location that is moist. A beautiful thing to use along streams or beside pools in the rockery. The slipper-like flowers are a rich golden yellow with reddish-purple petals. Blooms in late May and June. Height 12 to 18 inches. Strong clumps. Each **30c,** 4 for **$1.00**

HARDY FERNS

Our hardy ferns have so many uses that they are really indispensable to all good gardens. They are becoming very popular—to fill in those places where the ordinarv shrubs and flowers will not thrive. The cool north exposure of the home or other buildings is an ideal place for a fern bed. They make an ideal background for other flowers. The fronds can also be cut to use in the house with other cutflowers.

Any ordinary good garden soil with a liberal application of leaf mold or peat spaded in will grow good ferns. With just a minimum of care a fernery will increase in beauty each season and last many years.

Hayscented Fern. A variety that will do well in either shade or sun. Soft erect woolly fronds. Charming. Height 12 to 18 inches. Each **30c,** 3 for.....**75c**

Evergreen Fern. An evergreen species with deep green divided fronds. Does well in deep shade. Each **30c,** 3 for.....**75c**

Interrupted Fern. Much used for foundation planting and in the large rockery. Will tolerate a sunny location, but at its best in shade. Large arching fronds of velvety green. Height 2 to 3 feet. Each **30c,** 3 for.....**75c.**

Lady Fern. A large handsome fern two to three feet tall with finey cut foliage. One of the best for general culture. Each **30c,** 3 for **75c**

Maidenhair Fern. The most graceful of all hardy ferns. Does well in moist shaded spots. Each **15c,** 3 for **40c,** 8 for.....**$1.00**

Ostrich Fern. One of the most stately ferns often growing 3 to 4 feet tall. Does well in any shaded moist location. Each **35c,** 3 for **$1.00**

One each of the six ferns for

FOUNDATION PLANTING
FERN COLLECTION

Evergreen Fern **Maidenhair Fern**
Hayscented Fern **Lady Fern**
Interrupted Fern **Ostrich Fern**

3 strong plants of each for

$3.00

Postpaid

($4.40 Value)

Our ferns are large heavy established clumps and require about double the amount of postage that other average plants would. We will prepay all fern orders over $3.00. On smaller orders kindly add 5c per plant for postage.

Foundation Planting of Hardy Ferns

Hardy Garden Lilies

Lily Henryi. The rich, golden-orange color of this lily and its ability to thrive in severe climates with little attention has made this lily a favorite among many gardeners. It grows 4 to 6 feet tall carrying its flowers in a stately manner. Thrives in any soil. A very vigorous grower and the bulbs should be planted at least 8 inches deep. Blooms in August and September. Each.....30c
4 Mammoth blooming size bulbs.....$1.00
10 Mammoth blooming size bulbs.....$2.25

Regal Lily. The large, immaculate pearly white trumpets flushed pink on the outside with a deep golden throat are the joy of the June and July garden. Exceedingly, delightfully perfumed. It is very hardy, easy of culture, free flowering, and permanent. Does well in any soil or location.
The bulbs we are offering are splendid, healthy, disease free, and winter hardy. No better bulbs are obtainable anywhere regardless of price. Each.....$ .20
8 Large bulbs for.....$1.00
25 Large bulbs for $2.90

Lily Speciosum Magnificum. This is a grand improvement on the variety Rubrum, being larger, more colorful, and more vigorous. The most outstanding of all fall blooming lilies. Plants grow from 2 to 3 feet tall and in August and September produce the gay colored fragrant flowers. Color is a carmine-pink spotted and margined white. An outstanding cut flower, lasting ten days in water. Easily grown and perfectly hardy anywhere. Plant bulbs 6 to 8 inches deep.
The bulbs we are offering will all give abundant bloom this year and increase in number year by year. Each.....$ .30
4 Large bulbs or.....$1.00
10 Large bulbs for.....$2.25

New Tenuifolium Golden Gleam. This new hybrid lily possesses all the grace and charm of the well known Coral Lily. Possesses even greater vigor and free flowering qualities. Its charm is increased by its beautiful gleaming golden color. Very fragrant, easily grown, and perfectly hardy. We are offering select 2 year old bulbs. All will bloom this summer.
6 Bulbs for $1.00
15 Bulbs for $2.00
25 Bulbs for $3.00

Umbellatum. A very easily grown and hardy lily that produces many upright cup-shaped flowers of a lovely red during June. Flowers on stems 2 feet tall. We know of no lily that will increase faster, stand more abuse, and produce multitudes of showy flowers year after year for a lifetime than umbellatum. As showy as the best Oriental Poppies. We are making this very special offer on strong blooming size bulbs only. Each.....$ .20
3 Bulbs for .....$ .50
8 Bulbs for $1.00
